ORIBI

ORIBI

Just outside Okahandja, Oribi Aquaponics supplies Namibia's major retailers and food-service partners with premium, locally grown fresh produce using sustainable, water-smart farming.

On the Oribi farm, we operate a high-care facility that washes, sorts, and packs to protect quality and shelf life. We deliver a reliable, year-round supply through predictable weekly programs. and can provide custom pack sizes on request. Our pricing is fair, our lead times are short, and each client has a dedicated sales agent, making ordering admin-light.

**Custom**

**5,000 m²**
*Greenhouse, high-care facility & rainwater storage*

**68%**
*of the 19 permanent staff are women*

**10% water**
*Use compared to soil-based growing*

# Certified Quality & Compliance

Our commitment to excellence is backed by national certifications, assuring our partners of the highest standards in food safety and quality.

### Primary Farm Assurance (PFA) - Local GAP Certified

*As a Local GAP (Good Agricultural Practices) certified producer, we guarantee adherence to strict standards for food safety, quality, and traceability. This accomplishment has enabled partnerships with leading national retailers.*

### Namibian Agronomic Board (NAB) - Registered Producer

*We are a registered producer with the Namibian Agronomic Board (NAB) and are fully compliant with all national agricultural regulations. This cements our status as a recognized and dependable partner in Namibia's horticultural industry.*
